INSPIRING SOLUTIONS
FOR LIVING SPACES

Molteni & C

Molteni&C living solutions

A home that you live in; spaces that accompany the passing hours and changing light. A home that is not necessarily large but is filled with situations, potential and different spaces. A modern home made of spaces not walls. A home designed to be transformed without losing its balance and harmony. A home that is not always the same but is like us and knows our moods. One that opens up when we want friends around us and becomes cosy and private when we want to be alone to read or work. Living in the home and adjusting the depth of your gaze with a gesture, shaping it to match our emotions.

Molteni&C living solutions

Una casa da vivere, spazi che accompagnano il ritmo delle ore e il mutare delle luci. Una casa che non ha bisogno di essere grande per essere ricca di situazioni, di possibilità e di ambienti diversi. Una casa moderna, fatta di spazi e non di muri. Una casa pensata per potersi trasformare senza perdere l'equilibrio e l'armonia. Non una casa sempre uguale, ma una casa che ci assomiglia e conosce i nostri umori, che sa aprirsi quando abbiamo voglia di tanti amici per diventare intima e raccolta se vogliamo stare soli a leggere o lavorare. Abitare lo spazio della casa, modulare con un gesto la profondità dello sguardo per dargli la forma delle nostre emozioni.

505 UP System

With 505 UP System, you can design an endless number of internal partitions, both symmetrical and asymmetrical, using elements in different depths, colours and materials to obtain customised furnishings that suit your taste, while possessing all the features typical of these systems. Elements such as sliding, hinged, flap or vertically sliding doors hide or reveal special compartments like cocktail cabinets, home offices, writing desks and showcases.

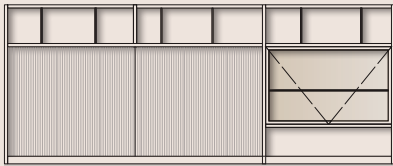

Con 505 UP System è possibile progettare innumerevoli partizioni interne, simmetriche o asimmetriche utilizzando elementi a diversa profondità in colori e materiali diversi per ottenere arredi sempre personalizzati sul proprio gusto ma comunque dotati di ogni funzionalità tipiche di questi sistemi. L'inserimento di elementi come ante scorrevoli, battente, ribalta o saliscendi celano o svelano vani dedicati come mobili bar, home office, scrittoi e vetrine.

The space is amplified by transparencies
and enriched by textured walls,
for surprising noir atmospheres.

Trasparenze che amplificano lo spazio
e pareti materiche che lo arricchiscono
per sorprendenti atmosfere noir.

Wonderful inventions,
dovetailing geometries and
bookcases with endless
compositional possibilities,
forming veritable
architectural solutions.

Invenzioni fantastiche,
geometrie ad incastro e librerie
dalle infinite possibilità
compositive che diventano
architettature nello spazio.

When light becomes design,
interacting with fixed and
mobile elements and highlighting
the use of precious materials.

Quando la luce diventa progetto,
dialoga con gli elementi fissi e
mobili, crea ambienti fluidi e accentua
i materiali preziosi.

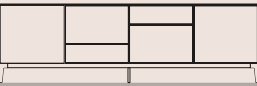

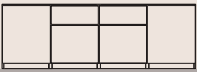

505 UP Sideboard

505 UP is not only a modular system but also a series of set pieces suited to meet the most diverse needs, such as floor-standing and suspended sideboards, console tables and small bookcases. The combination of elements like solid or glass doors and drawers results in truly unique pieces of home furniture.

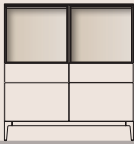

505 UP, non solo un sistema componibile ma anche una serie di mobili definiti adatti alle più svariate esigenze: madia, consolle o piccola libreria; a terra o sospese dove il gioco tra l'uso dei diversi componenti, ante piene o vetrate o cassetti permettono di disporre di un mobile unico per la vostra casa.

The system comes complete with storage units featuring large drawers that hold everything you need to make your living room a pleasant place to live.

Mobili contenitori dotati di ampi cassetti completano il sistema rendendolo perfetto per accogliere tutto ciò che è utile per vivere in armonia il soggiorno.

Functional, understated designs featuring seamlessly alternating external finishes, such as glossy and mat lacquering, light and dark wood, or coloured and frosted glass.

Soluzioni funzionali caratterizzate da un design sobrio, dove materiali di finitura esterni si alternano senza soluzione di continuità: colori di laccatura lucidi od opachi, essenze dalle tonalità chiare e scure, vetri colorati o acidati.

Pass-Word Evolution

Nowadays, flexibility is key. In a complex world where everything changes so rapidly, it is not surprising that living spaces are evolving too. Today, the home is mobile and flexible. This is why Pass-Word Evolution, Molteni&C's most versatile collection, has renewed itself with a system of matching storage units, tops, benches and suspended wall units that can combined at will. Simple elements solving complex problems. Pass-Word Evolution suits every room, comes in a variety of finishes, and features technical solutions and accessories that make it especially practical.

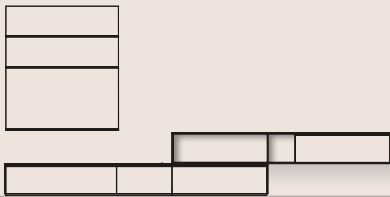

Flessibilità è la parola chiave del nostro tempo. In un mondo complesso, dove tutto cambia rapidamente, anche il luogo dove viviamo si modifica con noi. La casa è oggi mobile e flessibile. Così Pass-Word Evolution, la collezione più duttile di Molteni&C, si rinnova in un sistema di contenitori, piani d'appoggio, panche e moduli sospesi, coordinati fra loro per essere accostati e sovrapposti. Componenti semplici per risolvere situazioni complesse. Pass-Word Evolution si adatta a tutti gli ambienti della casa, è flessibile nella varietà di finiture, funzionale negli accorgimenti tecnici e negli accessori.

Pass-Word puts the spotlight on aesthetics. A wide range of finishes makes it possible to combine different woods, paints and glass elements, for a refined living room reflecting your needs and taste.

Pass-Word non trascura l'aspetto estetico. Grazie alla vasta gamma di finiture cambia sapientemente essenze, lacche e vetro per darvi un sistema per il soggiorno elegante, raffinato ma soprattutto costruito sulle vostre esigenze.

A combination of full and empty volumes ensures utmost design freedom and an original expressive quality.

Accostamenti di volumi pieni e vuoti che conferiscono estrema libertà di progettazione insieme ad un originale carattere espressivo.

Grid

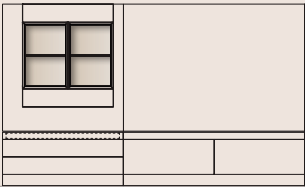

Grid is a study on the evolution of the home expressed through absolute compositional freedom. An innovative modular grid organises the compositional elements and enhances each individual function, resulting in a truly open, flexible and functional project.

Grid costituisce una ricerca sull'evoluzione dello spazio domestico che si esprime nella totale libertà compositiva del sistema. Il progetto è aperto, flessibile, funzionale grazie ad un'innovativa griglia modulare che organizza gli elementi della composizione e ne esalta le singole funzioni.
